Stillwater, Oklahoma

About the 2018 MESO Lineworkers Rodeo & Safety Training:

Lineworker Rodeos are a tradition at public power utilities across the country. Professionals come together in the spirit of friendly competition to demonstrate their skills and knowledge. Both journeyman and apprentice lineworkers gather in a safe environment to gain valuable experience.

Unique to the MESO Rodeo is an event designed to simulate Mutual Aid circumstances. The event provides lineworkers the opportunity to build relationships which could prove beneficial during real-life mutual aid situations. The 2018 event also will offer training sessions covering Safety & Compliance in Job Briefings and Line Locating.
